COMMIT FOUNDATION

MISSION

The COMMIT Foundation's mission is to help exceptional American servicemembers and veterans into successful roles and careers post-service.

NEED – HIGH TOUCH, HIGH IMPACT

There is an assumption that high-performing servicemembers will transition successfully out of uniform. However, COMMIT knows that is not the case. They feel a loss of camaraderie, a loss of identity, and are unsure how to translate their enormous skills, training, and talent to the civilian workforce and their personal lives. In spite of there being more than 45,000 veteran service organizations, high-performing servicemembers are overlooked, and those served are not served in an individualized, impactful, and continuous manner.

VISION – THE COMMIT APPROACH

We are helping America's top-tier servicemembers and veterans find personal and professional fulfillment after military service.

Founded in 2012, The COMMIT Foundation is committed to transitioning high-performing servicemembers back into the fabric of our communities and the civilian workforce in a purposeful and meaningful way. COMMIT creates serendipity for veterans through its first-rate, personalized, and high-touch programs. We believe our approach will make a massive impact in the transition space, the lives of our citizens, our communities, and our civilian workforce.

STRATEGY – AN INDIVIDUALIZED APPROACH

COMMIT invests time and resources in each participant to address his or her specific challenges with a personalized approach designed to dramatically improve the outcomes of those we serve. This is the COMMIT difference.

Through our services, COMMIT explores values, skills, and life design fundamentals in order to identify individual sources of purpose and meaning. Once our participants achieve higher levels of self-awareness, energy directed toward employment is much more focused, deliberate, and authentic.
