## COMMUNITY MATTERS

COMMIT offers non-clinical means to combat transition stress. Having a sense of community and belonging is critical to positive trajectories into post-service life and events like this are specifically designed to build community.

## SUPPORT THE CAUSE

September 10th is not only the day before Patriot Day, it is also Suicide Awareness Day. Our community has been heavily impacted by the magnitude of both causes and we believe rallying together to raise awareness while also raising funds for our Pursue Your Purpose services will make a tremendous impact.
